Bregal Milestone Principal Adverse Impact Data

CY 2024

Statement On Principal Adverse Impacts Of Investment Advice On Sustainability Factors

Issued by Bregal Milestone LLP and Bregal Milestone SA

This document has been prepared by Bregal Milestone LLP (the “Adviser”) and Bregal Milestone SA (the “Sub-Adviser”, and together with the Adviser “Milestone”) and contains information in respect of whether Milestone considers in its investment advice principal adverse impacts on sustainability factors. For these purposes, ‘sustainability factors’ mean environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

Neither the Adviser, as a UK firm, nor the Sub-Adviser as a Swiss firm, is subject to the requirements of Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (“SFDR”). This document is therefore being prepared on a voluntary basis and may not constitute full compliance with the relevant provisions of Article 4 SFDR. This document is current as at 30 June 2025. Milestone may review and change its approach from time to time.

Milestone does not make discretionary investment management decisions but instead provides non-discretionary advice and so, if it were subject to SFDR, its activities would fall under Article 4(5) SFDR which relates to “financial advisers” rather than Article 4 (1) – (4) which relate to “financial markets participants” which exercise investment discretion.

The Adviser provides non-discretionary investment advice to a third party which acts as AIFM (alternative investment fund manager) (AIFM) to certain funds sponsored by the Adviser (the “Milestone Funds”). The AIFM is responsible for exercising investment management decisions in respect of the Milestone Funds. The Adviser may receive non-discretionary advice from the Sub-Adviser, in respect of the Milestone Funds.

Information, including data on the principal adverse impact indicators set out in Table 1 of Annex 1 of the RTS (commission delegated regulation ((EU) 2022/1288) of SFDR) is published in separate documents in respect of Milestone Funds disclosing under Article 8 SFDR.

The nature of the investment advice provided by Milestone does not involve the selection of or advice on “financial products” (as defined in Article 2(17) SFDR). Instead, Milestone advises on the selection of other financial instruments such as investments in private companies which are beyond the scope of Article 4(5) SFDR.
